SPOKANE VALLEY

www.spokanevalley.org/covid19

On Monday, March 16, City Manager Mark Calhoun signed a proclamation of emergency/disaster which enables the city to utilize additional resources and tools to slow the spread of the coronavirus (COVID-19). The proclamation will allow the city to exercise emergency powers during the COVID-19 outbreak to preserve and maintain the health, safety and welfare of its citizens, and seek federal financial assistance to support resources that may be used in an effort to restrict the spread of the virus.

In addition, the city has an emergency response plan for situations such as infectious disease. The city is taking steps to educate employees about the disease and ensure that protocols are being followed in regard to good hand and respiratory hygiene, and proper cleaning of city buildings. In addition, the city will work with the Spokane Regional Health District to implement procedures to reduce employees' or visitors' exposure to COVID-19, such as social distancing.

Moratorium on Evictions (Spokane)

The city of Spokane expanded its emergency order to include a moratorium on evictions and foreclosures. The Spokane moratorium halts all notices to terminate and all evictions and foreclosures and stops late fees for April rent. It applies to both commercial and residential evictions. It also provides an exception for notices to terminate for the safety of residents in the building. This order fills the gaps left in the statewide moratorium on evictions.

Salvation Army 325-6821 x2202
222 E Indiana, 99207
spokane.salvationarmy.org
All the regular operations are going on. The Family Resource Center—food bank—continues to operate, helping double the number of people. They are requesting that people donate extra toilet paper, hand sanitizer, tissue, cleaning wipes and surgical masks for them to give to people who come. Food bank operates by food boxes volunteers deliver to waiting cars. Encourages people who are unemployed to use money for rent, not food. Needs donations to purchase items and needs volunteers 55 and younger to work four-hour shifts. They can sign up at makinispokanebetter.org.
FOOD BOX Delivery Program
The Salvation Army is willing to temporarily schedule and deliver perishable and non-perishable food boxes to those that are afraid to venture out, are facing food insecurities currently due to layoff, or do not have the transportation to make a trip to a local food bank. Here are the guidelines for the delivers/pick-ups
DELIVERY

There have to be ten (10) or more deliveries to one spot. Unfortunately, with the lack of staffing or volunteer base, it does only one (1) or two (2) food boxes at various locations.

Due to the large amount of food that The Salvation Army is processing, it is unable to customize food boxes to meet dietary or allergy restrictions. Asks that the recipient gift the food item to someone else if they are unable to use it.

The Salvation Army is trying to help as many community members as possible so please only list individuals that are living in the household. Each household needs to fill out and sign the Food Box Delivery/Pick-Up Registration Form. **PICK-UP**
Those who are picking up for a complex, need to have each household fill out and sign the Food Box Delivery/Pick-Up Registration Form. By signing the form, it gives permission to pick up for their household.

ALL HOUSEHOLDS
Each household needs to fill out and sign the Food Box Delivery/Pick-Up Registration Form. All households must be willing to give The Salvation Army demographic information so they can track statistics and gross poundage leaving its food pantry. Forms need to be filled out for both Delivery and Pick-up. If The Salvation Army does not receive a form, it will be unable to provide any food boxes.

If this is something that would be beneficial to guests, call The Salvation Army Family Resource Center and ask for Elisha Roberts, Monday through Friday 12:30 to 4:30 PM, to set up a time to pick-up or set-up a delivery option for neighbors or guests. The Family Resource direct line is (509) 325-6821.

Learning at home: District has assembled a thorough collection of resources with schedule ideas, sample daily plans and learning at home guides – for families to use during the school closure as they see fit. These are available at spokaneschools.org/LearningAtHomeResources. Structure and routine are strong elements to reducing anxiety, but district recognizes that nothing about this is routine. Teachers are connecting with students and

parents, answering questions, sharing materials, clarifying directions and assisting with access to digital resources.

Volunteering: Organizations wishing to support SPS students, families or staff may donate resources or time: call the SPS Office of Family and Engagement at 509-354-7882.

Graduation requirements: The Class of 2020 has access to the Expedited Appeals Waiver, which allows students to waive the current assessment graduation requirement to pass both the ELA and Math Smarter Balanced Assessment. Future guidance will be provided by the state regarding making up instructional days with regard to credits needed for graduation.

Testing: State superintendent's office (OSPI) has canceled all state testing for the 2019-20 school year.
End of school: At this time, OSPI will grant emergency waivers to allow districts to end the school year on Friday, June 19, at the latest.

With business reduced, restaurants that already operate on tight margins are struggling. Employees hours are reduced, and in some cases, establishments are closing their doors altogether. Both in hotels and restaurants, the massive drop in business will mean that restaurant people will have their hours cut and wages plummet with no way to make up that money. Most live financially day to day or week to week and have no safety net. Seeks gifts to keep people in crisis from falling.
