*"A client showed a directory to friend who came for help. She said, "You need to see this! It's the best resource you could have! It has everything in it!" They were overjoyed when I said they could take it. Access to the Resource Directory makes a world of difference in our clients' lives."*

—Lauri Clark-Strait, director  
Caritas Outreach Ministries

*"The Fig Tree's Resource Directory is very useful to Catholic Charities' social ministries programs as I seek to communicate with the breadth of social ministers in the community, trying to be as inclusive as possible."*

— Scott Cooper - Parish Social Ministries  
Catholic Charities, Spokane

*"In responding to disasters I work with VOAD partners and the Resource Directory. It's gold! Disaster response is how we work together to heal communities and make them whole again. That requires communication and collaboration. In a disaster with a power outage, the printed directory is crucial."*

— Mike Bullard - Inland Northwest Volunteer Organizations Active in Disasters

## Resource Directory Community Partners

### Directory Partners help share the resources

Community Partners enrich the quality of life in this region by helping service providers connect and by helping people in need gain access to valuable resources that can change their lives. Agencies appreciate that we provide this service, so their staff does not need to do the research for resource referral, giving them more time to focus on clients' needs. With partners' support in 2017-18, we increased circulation from 12,000 to 14,500 so far.

**Distribution partners** expand the directory's effectiveness by putting it into the hands of more people, enabling their staff and volunteers to network and find resources for clients, and empowering people in need to find the resources they need as they progress beyond their initial needs.

**Underwriting partners** help support bulk orders for a particular agency or demographic group, or support the publication of more copies of the annual Resource Directory to meet the increasing demand we are experiencing through the year.
